

Accident Prevention Tags

The Occupational Safety and Health Administration (OSHA 29 CFR §1910.145) and American National Standards Institute (ANSI Z535) provide specifications, designs, applications, and uses of accident prevention tags. Tags can be printed in a variety of colors and messages to meet your needs. They are typically designed with attention-getting signal word for a degree of hazard along with a specific message and areas to write in particular information.
